

## **SP 19.4 Subcontracting Plans**

### **Substantive changes made for the 3-23-06 version:**

1. Converts the SP to an LBNL-only SP and removes all Laboratory-specific instructions for LLNL and LANL.
2. Makes various wording changes for easier comprehension and clarification without changing the meaning.
3. Adds a note at the end of the definition for “SB Concern” stating that 8(a) concerns are not included in the goal requirements under a subcontracting plan.
4. Refers to SP 19.1 where definitions for each of the SB Concern categories are located.
5. Provides the new name of the “Small Business and Supplier Management Office”.
6. Updates the prime contract clause in the “***Subcontracting Plan Elements***” section and instead of listing all of the elements in the SP, it refers instead to the elements listed in the clause.
7. Updates the prime contract clause in the “***Subcontracts***” section.
8. Changes “***Options***” to “***Priced Option Periods***” in the title of the section and in the section itself.
9. Updates the “***Subcontractor Reporting Requirements***” section to describe the current Electronic Subcontracting Reporting System (eSRS).
10. In REFERENCES, updates the prime contract numbers and appendix to be consistent with Contract 31.
